Application No. 09/652,387

Continuation of Substance of Interview including description of the general nature of what was discussed: A phone was made to Inventor on November 10, 2010 with a proposal from examiner that the subject matter of dependent claim 13 would be incorporated into the independent claim 11 that would place the application in condition for allowance together with all limitations recited in claim 11. However, the claim 23 and claim 24 and its dependent claims are allowed as of the record. On November 17, 2010, the parties agreed with the proposal claim amendments and as directly resulted in Examiner's Amendments. Now the case is in condition for allowance.
